

You Spoke, We Listened

Introducing Arriscraft's New 2009 Citadel[®], Georgia
Citadel[®] and Cumberland Colors

Citadel[®] Manitoulin Mist

At Arriscraft, we value our customer's involvement. When surveyed, our customers asked for rich earth tones, saturated greys, and soft, natural ranges.

We answered with seven exceptional new colors. Be inspired by the earthy brown hues of Montana Sand and Rustic Bark, the deep greys of Manitoulin Mist, soft cream of Willow Breeze, and the bold blends of Granite Ridge, Iron Mountain and Cobble Hill.

Citadel[®] Willow Breeze

Citadel[®] Montana Sand

All the new colors are range colors. As the colors within each unit are different, the single photos presented do not depict the full range of possible colors and combinations. Colors and textures have been reproduced as closely as the printing process allows. Final selection should be made from actual samples.
